TOSCO STUDIO • CONCRETE

**TOSCO®**

*we're* A DESIGN  
STUDIO—MAKING  
HANDCRAFTED  
CONCRETE  
ART *pieces*

AND MORE

# *Tosco Studio*

Where design knows no limits.  
We specialize in crafting unique,  
luxurious projects that captivate  
the senses.

With our expertise in versatile  
concrete, we transform ordinary  
spaces into extraordinary experiences.

Join us on a journey of visionary  
design, setting new standards  
in high-end luxury.

# COLOURS

We make our own colours  
mixing natural pigments.  
These are just a guide for colouring,  
it's possible to make a larger range  
of shades

As with colours, patterns are in constant development. everyday brings a new idea

CREATIVE

POSSIBILITIES

THROUGH

COLLABORATIVE

MASTERPIECES

Experience a world of limitless  
creativity with our collaborative  
projects.

Teaming up with design and  
architecture studios, we push the  
boundaries of design with versatile  
material.

From small interior accents to stunning  
architectural surfaces, our pieces  
redefine what's possible.

Unleash your creativity and explore the  
endless artistic possibilities that our  
collaborations bring to life.

# Very Simple Kitchen

We and VSK joined forces to create a standout kitchen table that complements the modular kitchen designs, resulting in a sleek and functional centerpiece that seamlessly integrates with the existing aesthetic.

# *Casa Portuguesa*

We partnered with the esteemed Portuguese architecture practice Santo Infante on a collaborative project, where we expertly crafted a captivating walking shower flooring, wall niche, and vanity top in pink pigmented terrazzo.

Additionally, we created a stunning kitchen countertop and backsplash in marbled concrete with white and green pigments. The result is an exquisite fusion of materials and colors that adds a touch of elegance and sophistication to the spaces, showcasing the mastery of both us and Santo Infante in their respective crafts.

# L'objet store

We collaborated with L'Objet, the prestigious luxury store on Madison Avenue in New York, to conceive a series of artistic concrete-made stands for their shop window. The result is a collection of captivating and one-of-a-kind displays that showcase the unique design pieces offered by L'Objet.

# NowHere

We were invited by the Milanese coffee place, NowHere, to design a series of distinctive table tops that harmonize with the interior of their newly established space, resulting in a collection of unique and captivating surfaces.

# Roostiq

We collaborated with Barcelona-based interior design studio Astet to create a captivating collection of dining tables for the highly anticipated restaurant, Roostiq, located in Marbella.

The partnership resulted in a series of stylish tables that perfectly complement the restaurant's ambiance.

*Morning  
cowork*

Morning Cowork extended us an invitation to collaborate, entrusting us to create a distinctive mural featuring unique concrete pieces in various shades and pigments.

The aim was to breathe life into a lounge area, and the resulting project beautifully transformed the space, showcasing our artistic prowess and ability to infuse creativity into functional environments.
